

Local stakeholder update October / November 2015

We have outlined below progress with the works on site in October and a look ahead to the works that are due to take place during November.

OCTOBER

- The new entrance road to the community recycling centre opened to customers.
- The steel structure for the new reuse facility for the community recycling centre was erected.
- Road signs to direct construction traffic along approved routes to the site were installed.
- Two bases for the site's electrical substations were built.
- Work started on the road that will carry lorries from the new weighbridge to the Eco Park's facilities.
- Work began on digging the area for the new weighbridge.
- A number of items of work are ongoing. Work continued on:
 - The drainage pipe to carry surface water from the site to the infiltration pond.
 - A ramp to link the community recycling centre with the new Recyclables Bulking Facility.
 - The interior walls and drainage for the Recyclables Bulking Facility.
 - Pile trimming (cutting the piles to the desired height and capping them) for the foundations for the Anaerobic Digestion Facility.

NOVEMBER

- The roof and wall cladding for the new reuse facility in the community recycling centre will be installed.
- Work will begin to erect the steel frame for the Recyclables Bulking Facility.
- A number of large concrete pours will take place to form the slabs for the Anaerobic Digestion Facility tanks.
- Work will continue on:
 - The drainage pipe to carry surface water from the site to the infiltration pond.
 - The ramp to link the community recycling centre with the new bulking facility.
 - The new weighbridge.
- The containers at the rear of the community recycling centre remain unavailable due to the building works. The site continues to accept the full range of materials with a reduced number of containers, with additional staff on hand to assist site users.
- Please note that as the recycling centre is typically less busy in the winter months, particularly towards the end of the day as evening draws in, from 1 November it returns to its usual winter closing time of 4.15pm.
